

Trina Gulliver signs new 3 year deal with Winmau

Seven times World Champion Trina Gulliver heads into the new season with an extended Winmau contract and an even fiercer hunger to succeed after 22 years playing professional darts.

She is more accepting in the wake of losing the World Title in the most dramatic of circumstances at the Lakeside nearly three months ago, and she concedes that the standard in ladies darts has risen over the past few years.

But, with the acceptance of such pressure, her focus has sharpened and, whilst she is happy that she has seven titles to her name, the desire is to win more.

"I'm very happy with what I've achieved but now is the beginning of something new," said Trina.

"When I look back on my career I see that nearly every year I've improved, and this one needs to be no different.

"Throughout my life, darts has been the only way and I've got used to winning on a regular basis. I'm already in a better place than I was last year, mentally and with the balance in my life.

Trina is confident that extra practice will leave her once again way ahead of her rivals.

"My hunger to win an eighth title is just as great as it was to win the first," confirmed the 39-year-old.

"It's really an amazing feeling to be with Winmau after 7 World Titles and 10 years, and I want nothing more than to reward their commitment, as I've never wanted to practice so much. I can't wait to get into the season now. I want to win more, and be more consistent."

Ian Flack, Sales and Marketing Director of Winmau commented "Trina is a true ambassador of the ladies game. She is the consummate professional and is the most talented female dart player of all time. After 10 years working alongside Trina, I regard her as a friend, and we are delighted that we have agreed a new 3 year deal to continue our mutual success into the future."
